Docket No. AD17-11-000

Supplemental Notice of Technical Conference

As announced in a Notice of Technical Conference issued on March 3, 2017, Federal Energy Regulatory Commission (Commission) staff will hold a technical conference on Monday, May 1, 2017, and Tuesday, May 2, 2017, to discuss certain matters affecting wholesale energy and capacity markets operated by the Eastern Regional Transmission Organizations (RTOs) and Independent System Operators (ISOs). Each day, the conference will commence at approximately 9:00 a.m. and end at approximately 5:00 p.m. The conference will be held at the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. Commissioners may participate in the conference.

The agenda for this technical conference is attached. Panelists should submit pre-technical conference statements, not to exceed five pages, on or before April 21, 2017, in the above-referenced docket. In lieu of opening remarks, these statements will be available prior to the conference on the Commission's web site. As stated in the Notice of Technical Conference, Commission staff seeks to discuss long-term expectations regarding the relative roles of wholesale markets and state policies in the Eastern RTOs/ISOs in shaping the quantity and composition of resources needed to cost-effectively meet future reliability and operational needs. To this end, Commission staff asks that panelists focus their statements on the issues raised in the attached agenda. In addition, a schedule for submitting post-technical conference comments will be discussed at the technical conference.

All interested persons may attend the conference, and registration is not required. However, in-person attendees are encouraged to register on-line at: <https://www.ferc.gov/whats-new/registration/05-01-17-form.asp>.

The technical conference will be transcribed. Transcripts will be available from Ace Reporting Company and may be purchased online at [www.acefederal.com](http://www.acefederal.com), or by phone at (202) 347-3700. In addition, there will be a free webcast of the conference. The webcast will allow persons to listen, but not participate and will be accessible at [www.ferc.gov](http://www.ferc.gov)'s Calendar of Events. The Capitol Connection provides technical support for the webcast and offers the option of listening to the technical conference via phone-

bridge for a fee. If you have any questions, visit [www.CapitolConnection.org](http://www.CapitolConnection.org) or call (703) 993-3100.
